Thorough information! Its this sort of good read. It is actually written in straightforward words rather than confusing. I am just delighted to let you know that this is basically the best book we have read within my personal existence and can be the greatest pdf for actually.

UNDER FIRE: DEALING WITH THREATS TO INDIA

Lancer Publishers, 2013. Softcover. Book Condition: New. From aggressive, devious neighbours to well-armed internal insurgents, the list of those taking aim at our nation is long. Our morally bankrupt political system and blinkered bureaucracy only compounds the mess. As the editor of Indian Defence Review, Bharat Verma lives by a simple philosophy: 'Don't give me a list of problems, give me solutions.' Solutions are what he offers in this sequel to Fault Lines, a compilation of his writings since then. From ways to counter China's imperial ambitions, to why a splintered Pakistan is in India's interest. Why we need to develop not just cutting edge defence industries but also have an offensive orientation against those gunning for our democracy. Because at the end of the day, national interest is supreme. In this riveting series of columns, Verma takes a 360 degree look at the strategic and military challenges facing India today, and suggests ways and means to overcome them. Contents Introduction ? Develop cutting edge Defence Industries ? Nervous China may attack India ? India must counter China's imperial ambitions ? Unprepared and unwilling ? Offensive Orientation ?
