Also included is a time line of the development of marketing as a discipline and the key events that impacted the development, as well as over 100 relevant web links, accessed and updated via a companion website. In addition, the main appendix provides greater depth on the subject, including advertising and brand case studies with a strong international focus. These are arranged thematically, e.g. automobile industry, food and drink, luxury goods, and focus on iconic brands, marketing campaigns, and slogans of the 20th century that have permeated our collective consciousness, exploring how the ideas defined in the main text of the book have been utilised successfully in practice across the globe.
