

Incredible Projects Using 3D Printing

By Joe Greek

Rosen Young Adult, United States, 2015. Paperback. Book Condition: New. 229 x 178 mm. Language: English . Brand New Book. Though they may sound like something out of science fiction, 3-D printers are not only real but also increasingly common. Popular with both the Maker Movement and businesses, the 3-D printer has multiple uses. Its great for making prototypes and creating cool projects. Some experts even believe that additive manufacturing or 3-D printing on the industrial level is the wave of the future. Readers will learn about a variety of 3-D printing methods, weigh the pros and cons of 3-D printing, and discover 3-D printing's applications in fields as diverse as fashion, food, and medicine.

Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
