Reviews

A really awesome pdf with lucid and perfect information. It is loaded with wisdom and knowledge I am just effortlessly could get a satisfaction of reading a composed book.
(Claudine Jerde)

THE SIXTY PERCENT MINORITY

LAP LAMBERT Academic Publishing. Paperback. Book Condition: New. Paperback. 148 pages. Dimensions: 8.7in. x 5.9in. x 0.3in. The focus of this work was to examine ethnic identity and coping style as potential factors in the development of Post-Traumatic Stress symptoms. This year-long research program obtained information from 381 undergraduate students at various universities across the United States and examined these variables using three instruments: the Brief COPE (Carver, 1997), the PTSD Checklist-Civilian Version (Weathers, Litz, Herman, Huska, and Keane, 1993), and the Multigroup Ethnic Identity Measure (Phinney, 1992). Correlation and multiple regression analyses were used to examine the relationships among these variables. Multivariate analyses of variance (MANOVA) were used to examine differences in ethnic identity, coping style, and Post-Traumatic Stress symptoms between and among the racial groups of the sample. The relevant peer-reviewed literature as well as limitations to this study, future directions for research, and implications for the mental health professions were discussed. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
