Learning how to be an effective communicator means that you are able to clearly get your ideas across to others, which is not always easy to do. Some people seem to be gifted with this skill, they can take a podium and speak and hold the audience's attention, and they are never at a loss for words, never stumble over questions and seem to be able to easily sway people to their point of view. No matter if you want to polish up your communication skills to end miscommunication problems in your personal life, or if you want to be a more effective speaker or more persuasive when speaking at work, this book will be able to help you.
