It is fitting that reference should be made to the fund which has produced Franklin Union and to the work which this institution is accomplishing. No better description could be given of the origin of the bequest than that penned by Franklin himself in the codicil of his will written in June, 1789, from which the following paragraphs are selected. It having long been a fixed political opinion of mine, that in a democratical State, there ought to be no Offices of Profit, for the reasons I had given in an Article of my drawing in our Constitution, it was my intention when I accepted the Office of President to devote the appointed Salary to some public Uses, . I do hereby. direct that the certificates I have for what remains due to me of that Salary be sold towards raising the Sum of Two thousand Pounds Sterling, to be disposed of as I am now about to order.
